

Orlando FSDO FFAST Team presents:

MAYDAY! My Engine Just Quit - I Am Going Down!

“Orlando Approach - This is N123AB. MAYDAY! MAYDAY! My engine just quit, and I'm going down!”

Not long ago, one of our local Sanford pilots found himself making this radio transmission. After successfully piloting the airplane to its forced landing in a field, he and his passenger found themselves trapped in the aircraft's wreckage and had to await rescue by the Sheriff's Department.

Come and listen to this pilot's compelling story of how his prior preparation for just such an event likely saved his life and that of his non-pilot passenger. No doubt you will gain valuable insights from this discussion so you can properly prepare yourself, if ever you are faced with a similar situation.

Come join the discussion with your fellow aviators and learn what they would do if faced with a similar scenario. Your participation in this EAA/IMC Club meeting and WINGS Seminar will validate 1 Basic Knowledge Credit toward your next phase of FAA WINGS recurrent training.

Your opinion is valuable to other pilots with less experience than you may have; please participate

Event Details

Mon, Mar 21, 2016 - 19:00 EST

**Vigilante Room, Sanford Airport
(KSFB)**

1200 Red Cleveland Blvd., Sanford,
FL

Vigilante Room at Orlando Sanford
Airport

Sanford, FL 32773
